Psychological Monographs of the Psychological Review, Vol. 10 (Classic Reprint)

By American Psychological Association

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Psychological Monographs of the Psychological Review, Vol. 10 Several years ago I commenced the attempt to make comparisons between the location of sounds with both ears and the location with one ear, the other being stopped up as well as might be. The result of my first tests were rather odd, showing a condition which made it impossible to get at the comparison I wished, at least in any clear way; and subsequent tests which I have made from time to time and which students have made for me, on different subjects, have resulted in the same way. The condition mentioned has had so little (if any) consideration in connection with the problem of the location of sounds, that I have thought it important to give some account of my experiments. For the purpose of illustration some data obtained in the last year are sufficient, since it is strictly typical of the mass I have earlier obtained. My method of experimentation requires but a few words of explanation. I used first the Titchener sound cage,...
