By Ronald Ross

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Malaria Mosquitoes: Abstract of a Discourse Delivered Before the Royal Institution of Great Britain on March 2nd 1900 These observations were confirmed and extended by a large number of persons working in various parts of the world - most prominent among whom are Marchiafava, Celli, Vandyke Carter, Grassi, Osier, Bignami, Antolisei, Councilman, Mannaberg, Rcmansowsky, Labbe, Koch, Manson, Thayer and MacCallum. In short, the work of all these observers, and of many others scarcely less meritorious, has not only absolutely established the fact that the parasites are the cause of malarial fever, but has given us a very thorough knowledge both of the parasites themselves and of their pathological effects, direct and indirect; until the science of malaria - for it may almost be described as a science in itself - has become a brilliant exemplar of the modern methods of research as regards the science of disease in general. But I am not here concerned with questions of pathology in malarial fever. At tho conclusion of the labours to which I have just referred, we...

### Reviews

*This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).*

-- **Prof. Buddy Leuschke**

*This publication is definitely not effortless to get going on reading through but really exciting to read through. it was actually writtern really properly and beneficial. I am just very easily could get a delight of reading through a created publication.*
