Autism and Computers: Maximizing Independence Through Technology

By Valerie Herskowitz

AUTHORHOUSE, United States, 2009. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Maximizing independence is the primary goal for any individual who has been diagnosed with a developmental disability. Accessing technology is the key element that will lead to the accomplishment of this objective. Technology and Autism provides the information in clear cut language that will help both families of individuals on the spectrum as well as the professionals that work with this population learn to implement the strategies that are necessary to ensure success. Learn why it is so important to start technology training early: Understand why it is imperative that you begin to expose your child or your students to computers and other technological applications right away. Learn how to set up a Computer-Based Intervention(CBI) Program in your home for your child or for professionals, in your school or office: With just a few steps, learn how you can set up your own easy and inexpensive program for your child or your students. Learn the single most important technological invention that we have today that has the potential to increase independence immediately: Your child or student has the ability...
