NEW BUILT-INS IDEA BOOK

Taunton Press Inc. Paperback. Book Condition: new. BRAND NEW, New Built-ins Idea Book, Sandor Nagyszalanczy, Do-it-yourself home projects have become a national pastime, and nothing satisfies that urge more than creating built-ins. The fact that they are a permanent part of a house makes it more critical that they be done with as much skill and imagination as possible. That's where the New Built-Ins Idea Book comes in. Written by Sandor Nagyszalanczy, a former senior editor of Fine Woodworking magazine and an acknowledged expert in the field, this illustrated guide shows step-by-step how to create built-ins that are both practical and appealing. Here are hundreds of design ideas for projects for every room of the house, including kitchens, bathrooms, libraries, kids' spaces, dining rooms, bedrooms, and the increasingly popular media spaces. The book shows a wide range of possibilities for incorporating built-ins, from niches to bookcases to spaces that replace those stacks of clothing in the closet. Complete coverage of materials, lighting, color, and hardware, along with careful, comprehensible drawings and photographs, is included.
