Aviation Safety: Targeting and Training of FAAs Safety Inspector Workforce: T-Rced-96-26

By -

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.GAO discussed the Federal Aviation Administrations (FAA) safety inspection program. GAO noted that: (1) in 1991, FAA created its Safety Performance Analysis System (SPAS) to focus its inspection resources on the pilots, aircraft, and facilities that pose the greatest risk; (2) poor data quality jeopardizes the success of SPAS; (3) FAA officials have not fully responded to prior recommendations of adopting a strategy to improve data quality by the end of 1995; (4) FAA inspectors have performed inspections without the appropriate or up-to-date credentials; (5) FAA has had trouble training its inspectors because it does not offer the necessary courses and has limited aircraft-specific training and decreased the frequency of inspector flight training; (6) between fiscal year (FY) 1993 and FY 1996, funding for technical training decreased 42 percent; and (7) FAA expects a 20-million shortfall for technical training it identified as essential for FY 1996. This item ships from La Vergne,TN. Paperback.

Reviews

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Edwardo Rohan III

This written publication is fantastic. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of your respective time (that's what catalogues are for concerning should you ask me).
-- Tevin McClure
